Ricotta/Orange Cake	8 (explanation: free of charge)
<i>this was called a cheesecake (definition: cake made from cheese) but y'all didn't catch on, so I pontificate - first, we make our very own ricotta cheese, then use that to create a lightly sweet (definition: lightly sweet) cake and serve it with strawberry/orange blossom jam (made here, as well - we're overachievers) (definition: we have way much time on our hands) (as proven by this extended explanation) and a pink peppercorn tuile</i>
